Official’s positions in Kemistikilta

External affairs committee

Corporate relations apprentices

Involved with the Corporate Relations Responsible in organizing the guild’s Domestic Long Excursion (*Kotimaan Pitkä*) for autumn 2027. On the excursion, 4–6 companies are visited, along with cultural sites and other university cities. Additionally, Corporate Relations Apprentices can participate in organizing career nights and sponsorship activities if they wish. As an apprentice, your responsibilities can range anywhere from cooking for career nights and organizing excursions to planning the bus program for the Homeland Long! At the same time, you get to build your own professional network.

Culture and sports officials

Working together with the Culture and Sports Responsible to organize joint departures to culture events, relaxed sports events, and, for example, a wellness competition for the guild. For 2027, relaxed hangout evenings connecting different study years with guild room coffee and pastries will also be planned. Culture and Sports Officials are guided by the guild’s Vice President.

Culture and sports responsible

The Culture and Sports Responsible works together with the other officials and the guild's Vice Chair to plan and organize mainly alcohol-free activities that support members' wellbeing.

TEK-contact person

The TEK contact person acts as TEK’s ambassador and represents TEK at Kondensatio and the Teekkari Tradition Gala on TEK’s tab.

Official’s positions in Kemistikilta

Master's Officials: *strengthening the guild’s involvement in master's student activities.*

We're looking for at least one representative from each major and each year to strengthen course feedback and community spirit among students. Plans for master's students include a picnic for new master's students during the second week of studies, as well as one relaxed event for an entire master's major or programme. One example of a major-wide event is the sima-making evening organized for Biotechnology in 2026.

We also warmly welcome applications from students starting their master's studies in autumn 2027!

Chemical and process engineering officials

Are you studying, or will you be studying, in the Chemical and Process Engineering master's programme during 2027? As a Master's Official, you'll share vibes and feedback from your programme's courses with the Academic Affairs Responsible, and help plan and organize major-specific events together with the International and Master's Captain.

Chemistry and material science officials

Are you studying, or will you be studying, in the Chemistry and Material Science master's programme during 2027? As a Master's Official, you'll share vibes and feedback from your programme's courses with the Academic Affairs Responsible, and help plan and organize major-specific events together with the International and Master's Captain.

Biotechnology officials

Are you studying, or will you be studying, in the Biotechnology master's programme during 2027? As a Master's Official, you'll share vibes and feedback

from your programme's courses with the Academic Affairs Responsible, and help plan and organize major-specific events together with the International and Master's Captain.

Internal affairs committee

Apu-IEs

Assistant IEs are an irreplaceable resource for the Host and Hostess in organizing sitsit, the mid-year celebration, and the home brewing competition! Just like in other guilds, as a Chemistry Guild assistant IE, you get to cook, set tables, haul equipment, and decorate!

Guild room responsibles

Do you like grocery shopping (on someone else’s dime), drinking coffee, or maintaining tidiness and order? Join the Guild room responsibles! Guild room responsibles strive to develop and maintain everyone’s shared guild room as a nice and community-oriented space. For 2027, relaxed hangout evenings connecting different study years with guild room coffee and pastries are also planned. Guild Room Managers are guided by the guild’s Vice President.

Guild product responsibles

Is your calling to create chemistry-themed overalls patches or other guild products? Become a Guild Product Manager! Guild products are sold by the board members, so the Guild Product Manager gets to focus on brainstorming and ordering new guild products.

Songleader apprentices

Come and help maintain a proper singing culture at sitsit, mid-year celebrations, and the annual ball! In the Chemistry Guild, you advance to a full songleader after

Official’s positions in Kemistikilta

leading songs at a certain number of sitsit as an apprentice. The songleading team, consisting of apprentices and graduated songleaders, is coordinated by the guild’s Songleader master. While songleading, you get to tell stories and challenge yourself in public speaking.

Songleaders

Graduated songleader apprentice.

Songleader Master

Leads all songleaders of the guild and represents the guild in AYY’s Lukkaritoimikunta.

Harassment contact persons

Harassment Contact Persons make sure that the safer space principles are followed within the guild and at its events. Harassment Contact Persons get to attend AYY's harassment contact person training, which provides guidance on handling difficult situations. The guild's board supports the Harassment Contact Persons in their role.

Corona responsible

The Corona Officer organizes the guild's annual corona tournaments: the Neluricup, played in pairs in the spring, and the Coronacup, played individually in the autumn. The guild's board helps with the arrangements.

Tent sauna gollum

The Tent Sauna Gollum is responsible for setting up the guild's tent sauna and maintaining it when needed. The tent sauna is used at least on Wappu Eve (if Wappu celebrations are held) during Waahtokylpy.

Neon Rave director(s)

Official’s positions in Kemistikilta

The Neon Rave Director is the main organizer of the Neon Rave. The Neon Rave is always held on the Friday or Saturday of the first exam week of the autumn, usually in collaboration with Aalto DJ, among others.

Study affairs committee

Postgraduate contacts

Doctoral Studies Contacts maintain the guild's connections with doctoral students and, through them, with the school. They may also occasionally help with colour printing or act as speakers at the guild's events on doctoral studies.

Communications committee

Social media responsibles

Are you Instagram-fluent with an artistic and linguistic vision? As a Social Media Responsible, you get access to the guild’s social media accounts and post story and feed updates from sitsit, excursions, and other events. Social Media Responsibles work together with the Information-secretary and the Corporate Relations Committee, while gaining a good overview of the guild’s operations. If you want, you can also participate in updating the guild’s LinkedIn page!

Graphic designers

Are you a visual artist, a Canva wizard, or an MS Paint enthusiast? Would you like to design the visual identity for the guild’s annual gala, events, or guild products? As is well known, an advertisement or a thank-you post is significantly better with a picture attached :) As a Graphic Designer, you also get to work alongside many different committees.

Official’s positions in Kemistikilta

Paparazzis

Are you good at taking photos? Do you often attend Chemistry Guild events? Become a paparazzi to support the social media team and sticker pack manager!

Editors of the guild magazine Tisle

Are you a reporter, analyzer, or life-hacker at heart? Do you want your own column in the guild magazine *Tisle*, or perhaps interview guild members adventuring around the department, Finland, and the world? Apply to be a Tisle editor! Editors are guided by the Editor-in-Chief.

Foreign correspondents

Foreign correspondents are Tisle editors reporting from abroad. Foreign correspondents are typically students going to an exchange during the year and reporting their adventures.

Tisle editor in chief

Tisle editor in chief is responsible for the Tisle magazine and typically does the paging of the magazine.

Web Apprentices

Are you a website tinkerer, or would you like to learn how to become one? As a Web Apprentice, you'll get to update the guild’s website and ensure that important information stays up to date outside of social media as well. In this role, you will collaborate with different committees and get a behind-the-scenes look at how the guild operates. Web Apprentices are mentored by the Webmaster, so you don't need to know everything in advance!

Webmaster

The Webmaster leads the website maintenance and guides the apprentices.

Official’s positions in Kemistikilta

Archivekeepers

The Archivekeepers manage and look after the guild's archive.
